SUMMARY

Computer Science engineering student specializing in AI/ML with strong foundations in data structures, algorithms, and object-oriented programming. Experienced in frontend development with React, JavaScript, HTML, and CSS, and familiar with machine learning techniques using Python. Passionate about problem-solving, software engineering, and building scalable, high-performance applications, with excellent collaboration and adaptability skills. Aspiring Software Development Engineer eager to contribute to impactful projects at scale.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C++, HTML, CSS

Deep Learning Frameworks: TensorFlow, PyTorch

Libraries & Tools: NumPy, Pandas, Scikit-learn, Matplotlib, React, Tailwind CSS, Git, VS Code, Jupyter Notebook

PROJECTS

Amazon Clone — Feb 2025 – Mar 2025
Frontend Development Project — *HTML, CSS , JavaScript*

- Developed a responsive e-commerce website stimulating Amazon using semantic HTML and CSS
- Implemented product listing, navigating, and interface UI components for enhanced experiences

Currency Converter — Aug 2024 – Dec 2024
React Application — *React Tailwind CSS, JavaScript*

- Built dynamic currency converter with real-time API integration for accurate exchange rates
- Designed reusable React components and managed state for smooth, responsive interface

EXPERIENCE

Core Member - Pahadi Club — 2025 – present
University Student Organization — *Bhopal, India*

- Organized and led community events, fostering teamwork and leadership skills
- Coordinated with club members to plan activities promoting cultural awareness and engagement

Team Member - Career Guidance App Project — sept 2024 - Dec 2024
University Course Project — *Bhopal, India*

- Led frontend development and integration for a career guidance web application
- Collaborated with peers to design user-centric features and ensure smooth functionality

EDUCATION

VIT Bhopal University — *Bhopal, India*
BTech in Computer Science, Artificial Intelligence — *Sept 2023 - present*

JSS Public School — *Uttar Pradesh, India*
Secondary and Higher Secondary School — *April 2020 - Mar 2023*

CERTIFICATIONS

- Cloud Computing Course, NPTEL
- Python Essentials, VITyarthi
- Fundamentals of AI and ML, VITyarthi
